# June 16-19, 2008

Dick Ritger's Bowling Camp celebrates its 30<sup>th</sup> year of operation, by expanding clinic and camp programs for adult and youth students to include stops in 39 cities.

According to Sue Hamilton, Camp Director, "The Dick Ritger Bowling Camp prides itself on making every effort to meet the individual needs of each student, with plenty of hands on teaching, personal analysis, charting, and video taping. From the higher skilled 'veteran' to the average league bowler, everyone finds a way to improve. That is accomplished by the camp's specialized group teaching format that is flexible enough to insure success with each student. It is a formula that has withstood the test of time and we are very excited about 2008...our *thirtieth year*."

Many students declare the major reason for the success of the "Ritger Method" is its structured, consistent and logical progression. Starting with the very basic mechanics of the game, instruction proceeds through a detailed analysis of every aspect of bowling, including very sophisticated scientific formulas and mathematical systems of reading lanes. High skill bowlers report improved mechanics, experiencing pure feelings with free swing, leverage, rotation, speed control, etc.

"The Camp conducted at Beaver-Vu Bowl is one of our very best and we look forward to a truly educational experience for the bowlers".
